

# SS 620: 2016 Awareness Training (Good Distribution Practice for Medical Devices)

The SS 620:2016 (GDPMDS) serves as a guide on the quality management system for organisations involved in handling, storage, delivery, installation, servicing, secondary assembly and other related activities of medical devices. For wholesalers and importers of medical devices in Singapore, it is a requirement to complete a 3rd party audit and attain the SS 620:2016 GDPMDS certification before applying for the dealers' license issued by the Health Sciences Authority (HSA) of Singapore.

Upon successful completion of the course, participants will be familiar with the structure of the standard and have a clear understanding of the Clauses under Good Distribution Practice for Medical Devices (SS 620:2016) and its applications.

## Course outline

- Objective and purpose of SS620
- Introduction to Good Distribution Practice for Medical Devices (SS 620:2016)
- Differences between department of standards, Certification body and Accreditation body
- Transition Time, Purpose of Change, Objective of Change
- Good Distribution Practice for Medical Devices (SS 620:2016) requirements
